CHARTER

20 March, 2024
Capella Hotel, Sentosa

We're delighted to host you at CHARTER, the inaugural APAC Cyber Congress at the Capella Hotel, held in partnership with the National University of Singapore (NUS), supported by the Cyber Security Agency of Singapore (CSA).

By convening people with a depth of expertise – policymakers, cyber executives, business leaders, academics, founders, and investors – at CHARTER, we hope to debate the strategic challenges facing the APAC region and address the cyber implications now and in the future.

Together, we can chart a course towards cyber resilience, alongside all facets of the ecosystem.

Very best wishes,

Raison d'être

Why?

Cyber resilience is ISTARI's north star. It is the only way to secure the future of our societies, businesses and livelihoods in the face of the ever-evolving cyber threat.

How?

Built on ISTARI's core value of collective power and guiding belief that no one is safe until everyone is safe, we convene all facets of the cyber ecosystem and community together.

What?

CHARTER is APAC's premier cyber resilience congress. It's a unique meeting of minds where we debate the most pressing cyber challenges for APAC, and sign a charter of collaboration between leaders in uncertain times.
